

RMTrack Licensing Options and Price List

■ ■ How to Purchase RMTrack

RMTrack licenses for local installation can be purchased on-line with a credit card by visiting the RMTrack web site.

To sign up for the RMTrack hosted service or if you wish to discuss other payment methods, get a detailed quote, or find out more about RMTrack, please e-mail us at sales@rmtrack.com or phone us toll free at 1-888-225-2271 (Canada & US) or 416-929-1720. *(For calls to RMTrack from outside Canada and the US, get the correct long distance and country code combination for Canada and then add 416-929-1720)*

■ ■ Hosted Service or Local Install

RMTrack gives you the choice of installing the application locally on your server, or we can host the application for you on our secure servers.

Locally installing the application on your servers gives you complete control over the application and its environment. The application runs on your server, uses your SQL database server, and runs within your corporate network.

With the hosted service the RMTrack application runs on our servers, on our network, all within secure, collocation facilities provided by Peer1 Networks (www.peer1.com). Each client has their own dedicated database, accessed by your users via the internet. Everything is included in one monthly fee; licensing, data storage, server time and backups. There are no hidden costs.

■ ■ Floating Licenses or Named Licenses

Regardless of which installation option you choose, hosted or local install, RMTrack offers the flexibility of floating user licenses, named user licenses, or a combination of both types of licensing. By selecting the license type best suited to your needs, you can provide RMTrack access to the greatest number of users at the minimum cost.

■ ■ Named User Licensing

Each user defined in the application has a license dedicated to them, allowing them to use the application whenever they want. For smaller teams "named" licenses can be more cost-effective than "floating" licenses.

Purchasing named licenses can also be an excellent way to ensure that key users, like project managers and client representatives, have guaranteed access to the application.

Named user licenses are sold individually and in packs of 5, 10, or 25:

Qty		Local Install	Hosted
1	Named user license	\$149.00	\$14.90
5	Named user licenses	\$670.00	\$67.00
10	Named user licenses	\$1,190.00	\$119.00
25	Named user licenses	\$2,610.00	\$261.00

(All prices are in US dollars, Hosted billed monthly)

■ ■ **Floating User Licensing**

Instead purchasing separate licenses for each user, you can purchase floating licenses which are shared between users. These licenses are only counted when the user is actually logged on, allowing multiple users to share the same license.

For groups of infrequent users (like clients or public access accounts), or large teams, floating licenses may be more cost-effective than named licenses.

Floating user licenses are sold individually and in packs of 5, 10, or 25:

Qty		Local Install	Hosted
1	Floating user license	\$299.00	\$29.90
5	Floating user licenses	\$1,345.00	\$134.50
10	Floating user licenses	\$2,390.00	\$239.00
25	Floating user licenses	\$5,230.00	\$523.00

(All prices are in US dollars. Hosted billed monthly)

■ ■ **Unlimited User License**

For large organizations requiring more than 50 floating licenses, RMTrack offers an unlimited user license.

Qty		Local Install	Hosted
1	Unlimited user license	\$8,900.00	<i>Not available</i>

(All prices are in US dollars. Hosted billed monthly)

■ ■ **Annual Support and Maintenance**

For local installations RMTrack offers an annual support and maintenance agreement priced at 20% of the license price. For hosted customers, support and maintenance is included in the monthly fee.

Annual support and maintenance entitles clients to unlimited support by telephone (toll free in Canada & US), e-mail, or our on-line support web-site. The agreement also provides clients with all maintenance and feature releases at no charge allowing clients to always stay up-to-date with the most recent version of RMTrack.

■ ■ **Academic and Charity Pricing**

At RMTrack we are sensitive to the needs of charitable organizations and educators and are pleased to offer discounts to qualified institutions. To find out more, please e-mail our sales group, or phone us toll free at 1-888-225-2271 (Canada & US) or at 416-929-1720.
